

DLA 39/2014 - Contact Material II: Analysis of Melamine Material

terms

Test material :

The material is a melamine ladle for use at higher temperature.
It is labelled for food contact.
The material is tested for detectability of formaldehyde and melamine.

Order :

Registration deadline is 21st November 2014.

The reliable order can be sent to our partner Coring System Diagnostix, can be faxed to us, DLA, using attached order form, or using the order form available from www.dla-lvu.de. The minimum number of participants is 10.

Sample shipment :

The samples will be sent to participating laboratories in the week 48. Each participant receives one sample.

Invoicing / Price :

The price for the proficiency test is 180,- € / participant plus shipping

and tax. Shipping and invoicing to other countries than Germany are done by our partner Coring System Diagnostix. Invoices are payable within 2 weeks, for participants from Non-European countries pre-payment is required.

Realisation :

There is a 8 weeks time for performing the analysis. The method of analysis is optional. Deadline for results submission is 23. January 2015. Submission should be done by e-mail with a prepared excel-file, available from DLA.

DLA intends to finish statistics and interpretation within 8 weeks after deadline for the results. Statistics imply test for outliers, robust mean, median, robust standard deviation and z-score.

Each participant receives an anonymised, complete evaluation report, identifying the own results by individual code in case payment was done.
